

A white aluminum door with three vertical glass panes and a handle. The door is set in a dark frame. The panes are arranged vertically in the center of the door. The handle is on the right side. The door is slightly ajar, showing the hinge mechanism on the left.

TOPLINE (ALU)

Catalog 2019

TOP LINE (ALU)

Top-line door panels form the most exclusive line of the group. Top-line panels are produced in full version or with glass elements placed in panel with a help of aluminum frames. We use aluminum frames and cut patterns, which enables us to use thicker aluminum sheets. This provides more reinforcement and protection from burglary.

PARAMETERS:

- standard dimensions: 1000 x 2000 x 24/36/44 mm,
- available thickness: 24, 36 oraz 44 mm,
- construction: 2,0/20/2,0
